# BIKE TRAILERS & CHILD BIKE SEATS

Hamax of Norway

# SCANDINAVIAN SAFETY

*Hamax was established in 1958 and is now one of the world's leading suppliers of child bike seats. One of our main goals is to encourage young families to explore healthy and sportive outdoor activities, in a safe and fun way.*

*Hamax is today part of a Norwegian, family owned company, where several generations have been dedicated to developing safety products intended for the transportation of children for over hundred years. The knowledge, experience and ability to embrace the changing times has created a solid foundation for future development.*

*This year we are adding two new models to our growing range of multifunctional child carriers. This will provide even more possibilities for exercise and leisure activities all year round.*

### Folding

The innovative folding/unfolding technique is quick and effortless.

Size folded:

Breeze/Cocoon: 98x66x32 cm

Breeze ONE/Cocoon ONE: 98x58x32 cm

### Integrated raincover

The raincover is placed in a rear pocket, already attached to the trailer by means of a zipper, and can quickly be pulled over the trailer if a rain shower should suddenly surprise you.

**Cocoon**  
Detachable bag

### Detachable bags

Bags are attached to the rear of the trailer. They are detachable, so that you can bring them into stores, coffee shops or similar - or just keep the extra diaper and other necessities in a confined space. The Breeze bag can be used as a backpack, whereas the Cocoon bag is carried on the shoulder.

**Breeze**  
Detachable backpack

### Individual recline

The seats can be reclined individually, so that one child can sleep in a relaxed position while the other one is awake, enjoying the view from a more upright position.

### Brake on the handlebar

The easy-to-access brake will assist in reducing the speed of the trailer, and will be particularly helpful when strolling or jogging down sloping hills with a load in the trailer.

## BIKE TRAILER & STROLLER

Enjoy outdoor activities with the kids in all kinds of weather. The bike trailer can easily be changed into a stroller. The stroller wheel is included in the trailer.

### COCOON

**Interior**  
 The Comfy Cloud seat padding is thick, comfortable and soft, yet durable.

**Tires**  
 The tires have a good grip and a reflective stripe for optimal visibility.

**Handlebar**  
 Adjustable handlebar with vegan leather cover.

### BREEZE

**Interior**  
 The Comfy Sport seat padding secures a comfortable ride for the child, is durable and supports the sporty look of the trailer.

**Tires**  
 The tires have extra reflective stickers for improved visibility and a sporty appearance.

**Handlebar**  
 Adjustable handlebar with soft foam cover.

# HAMAX OUTBACK

MULTIFUNCTIONAL CHILD CARRIER

The Hamax Outback is a user friendly, comfortable and safe multifunctional child carrier. A solid aluminium frame provides optimal protection of the children and generous space in the cockpit.

The Outback has a comfortable interior and large windows which provide a good view for the child. The carrier is easy to fold and transport, and versatile in use for all kinds of terrains. Adjustable suspension secures a steady ride for the children.

## “SAFE CONNECTION POINT”

Our first priority is safety. Therefore, we have developed the unique “Safe Connection Point” which secures a safe switch between bicycle arm, stroller wheel, jogger wheel and skiing towbar. The connection point displays a green field when mounted correctly and a red field when unlocked.

**Release:** Push the grey handle on the carrier's front part upwards, so that the red area is visible. Push the release button on the connective part (bicycle arm, stroller wheel, jogger wheel), and pull.

**Fasten:** The grey handle on the carrier's front part should be in the upper position, displaying the red area. Push the connective part (bicycle arm, stroller wheel, jogger wheel) into the track until it locks with a “click”. Lower the grey handle, and the green area will become visible.

## ACCESSORY

### JOGGER WHEEL

*The Hamax Breeze/Cocoon bike trailer is designed for multifunctional use, and can easily be transformed into a stroller – or a jogger!*

*The 16" fixed front jogging wheel secures a steady and comfortable ride for the child. The wheel is easy to attach, and as the trailer brakes are located on the side wheels, there are no cables to install before use.*

*The jogger wheel can also be adjusted, if directional fine tuning should be required, due to load or number of children inside the trailer.*

## JOGGER-KIT

The 16" fixed front wheel with a hand operated disc brake attachment secures a steady ride during running or hiking activities.

The wheel has advanced adjustment possibilities. If the trailer pulls more to one side than the other due to load or number of children inside the trailer, the wheel can easily be adjusted.

Movie: How to install the jogger-kit

## SKIING-KIT

The Hamax Outback can be fully enjoyed also during the winter! The Outback Skiing Kit is light weight and easily mounted on the trailer.

- Extra reinforced Madshus skis
- Quick connection, easy to change from wheels to skis
- Maximum sleeping comfort, does not tilt forward when stopping for breaks
- Hinged towbar reduces weight on hips
- Flexible and ergonomic harness, adjustable according to individual skiing styles
- Fits both Outback and Outback ONE

The Skiing Kit is compatible with all Outback ONE trailers and Outback (double) trailers produced as of 10/2016.

# THE CITY TRAILER

*The Hamax Avenida multifunctional child carrier is designed for city use - slender and easy to maneuver, lots of space for storage and a smooth folding mechanism. The trailer provides comfortable seating and a good view for the children! Both bicycle arm and stroller wheel are included.*

- Easy front opening with strap and hook
- Single and double model
- Aerodynamic design with protective aluminium frame
- Bicycle arm and stroller wheel included
- Comfortable seat padding, removable for washing
- Spacious storage in the back
- Extra long sun shade in front
- Adjustable 5 point harness
- Park brake on handle
- Optimal safety with front and rear reflectors, flag and reflective lines on the sides and in the rear of the trailer.
- LED light
- With suspension
- Adjustable & ergonomic handle
- Compact & easy folding
- Wheel guards ("wings") can be folded to save space when storing/transporting
- Quick release 20" wheels with reflectors
- Good ventilation through mesh parts in the fabric, front and rear
- Weight incl. bicycle arm: 13,5 kg / 15kg
- Max load: 38 kg / 45 kg

HAMAX  
**TRAVELLER**  
MULTIFUNCTIONAL CHILD CARRIER

# TRAVELLER

Hamax Traveller is a light weight bike trailer which gives value for money! It can easily convert into a stroller with a smart storage solution for the bicycle arm underneath the trailer. This secures plenty of space for kids and goods. The total design makes the Traveller safe, solid and easy to use. Both bicycle arm and stroller wheel are included.

- Two colour options, black and blue
- Only double (no single version)
- Bicycle arm and stroller wheel included
- Roof window
- Detachable pushbar for height adjustment (turn upside down)
- Easy to fold/unfold
- Easy installation (hex tool included)
- Rear storage compartment
- Rear light (red) included

HAMAX

# BABY SEAT

*The Hamax baby insert is a comfortable and safe baby seat which fits all Hamax trailers. The ergonomic seat shell made of EPP is covered by a soft and appealing padding with head support. The baby seat provides excellent support and stability for the child. A 5-point harness keeps the child secure during the ride.*

*The padding is removable, so that it can easily be washed. The baby seat can be used until the child is 75 cm/10 kg, whichever is reached first. We recommend that the seat is used only in stroller mode, not for bicycling.*

Hamax Caress carrier adapter

Hamax Zenith carrier adapter

The carrier adapters make the Hamax rear seats even more available, as they now will fit almost all bicycles. Already the seats may be mounted with a freely hanging carrier bar. For the increasing number of e-bikes, and for other bikes with frame diameters outside 28-40 mm, the Hamax carrier adapter is an excellent choice.

## HAMAX SIESTA

Frame mounted

- Adjustable sleeping position (20°)
- Ergonomic design with extra space for helmet
- 3-point safety harness
- Adjustable safety harness and footrests

## HAMAX SIESTA

### Rain poncho

The poncho fits around the child bike seat and has a large hood with space for a helmet. The rain poncho is waterproof and windproof, yet breathable, so the child remains dry and in bad weather. A convenient chest pocket serves as a storage bag when the poncho is not in use.

### Neckroll

A neck cushion has been specially designed to fit into the safety harness on the Hamax child bike seats. It provides good support for the child's neck and contributes to maximum comfort during the ride.

### Rain cover

The Hamax rain cover protects the seat from rain and wind when not in use. An improved elastic band secures a perfect fit.

### Shoulder paddings for the Caress harness

The shoulder paddings are made of faux leather, and can be fastened around the existing shoulder paddings with velcro.

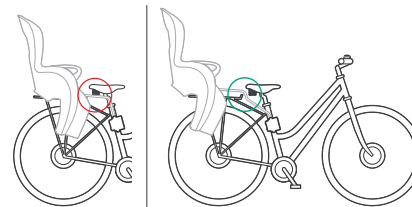

# HAMAX ACCESSORIES

**Not only safe & secure - also comfortable!**

Hamax offers a wide range of accessories in order to make the ride as comfortable as possible in all kinds of weather conditions.
